Subject Index

Accreditation Council for Continuing Medical Education (ACCME), 137, 138, 140, 144, 145, 146, 159, 160, 161, 163, 164, 174–176, 178–181, 190, 191, 222
Accreditation Council for Graduate Medical Education (ACGME), 54, 132, 137, 138, 145, 159, 161, 162–166, 168–169, 173, 176, 177, 184, 204
American Board of Medical Specialties (ABMS), 132, 137, 138, 139, 140, 142, 144, 145, 146, 151–155, 159, 164, 165, 168, 169, 170, 176, 177, 184, 204
American International Health Alliance (AIHA), 56–57, 58, 59, 63
American Medical Association (AMA), 132, 139, 140, 142, 145, 152, 157–158, 190–194
American Osteopathic Association (AOA), 137, 138, 139, 140, 164, 197–201
AO Principles of Teaching and Learning, 297
Arab and Israeli professionals, cooperation between, 68–74
Association for Medical Education in Europe, 53
Association of American Medical Colleges (AAMC), 53–54, 58, 132, 157–158, 159, 191
Attributes of ideal CME institution, 221–227

Bayesian approach in medicine, 231, 233, 238, 239
Beneficence, principle of, 211–212, 213, 215, 218
Board certification movement, 152
Book reviews, 125–126, 297
Books, top-rated, 278, 279, 282–284, 286
Brain drain, 11, 15
Breast care, impact of CME on, 240–247

Canada, physician migration in, 9, 10, 12, 22–28
Canada International Scientific Exchange Program (CISEPO), 69-74
Canadian medical education programs, 157
Capacity building, 69
Central Asian Republics, medical education reform in, 6, 52, 55–64
Clinical decision-making, 231–239
Clinical education and telemedicine, 39–40
Clinical sieve, 235, 237, 238
Commitment-to-change (CTC) statements, 76–85
Competencies: comparison of, 177; in osteopathic medicine, 198
Competency-based education and assessment, 168–173
Conjoint Committee on Continuing Medical Education, 132, 133, 135, 136, 137, 142, 145, 155, 162, 165, 166, 168, 170, 173
Continuing medical education (CME): breast care outcomes and, 240–247; credit system, 139, 146–147, 190–195; e-learning and, 43–50; facts about, 210; financing of, 146, 147; learner-centered model of, 175, 176, 178; library, 278–287; osteopathic, 199–201; physician shortages and, 19; reform of, 132–33, 134–142, 144–149, 168–173, 188, 203–209; state medical boards and, 183–188; telemedicine and, 34–41
Continuing medical education institution, ideal, 221–227
Continuing professional development (CPD) process, 176, 178
Cooperative capacity building, 69
Core curriculum development, 138, 147
Council of Medical Specialty Societies (CMSS), 133, 134, 137, 138, 139, 140, 142, 144–149, 168, 169–170, 183, 203, 204
Course outcomes, assessing, 76–85
Credit system, evolution of, 139, 146–147, 190–195
CRISIS model, 44–45

Delphi method, 278, 280, 284, 286, 287
Diabetes education, 87–95
Diagnostic process, sharing, 231–239
Directed self-learning, 154
Distance learning, defined, 37
Distributed learning, defined, 37
Doctors. See Physicians

E-learning in global education, 6, 43–50

Facts about US medical education, 210
Federation of State Medical Boards (FSMB), 139, 140, 142, 175, 183, 184, 185–187
France: competence of health care professionals in, 290–296; medical education in, 289

General Agreement on Trade in Services (GATS), 6, 7, 35

Health Care Provider's Corner, 127–128
Hippocratic Oath, 211–218

E-learning in global education, 6, 43–50

Facts about US medical education, 210
Federation of State Medical Boards (FSMB), 139, 140, 142, 175, 183, 184, 185–187
France: competence of health care professionals in, 290–296; medical education in, 289

General Agreement on Trade in Services (GATS), 6, 7, 35

Health Care Provider's Corner, 127–128
Hippocratic Oath, 211–218

Ideal continuing medical education institution, 221–227
India's brain drain, 11
Institute for International Medical Education, 53
Institute of Medicine (IOM) competencies, 145, 176, 177
International Association of Medical Regulatory Authorities (IAMRA), 30
International medical graduates (IMGs), number of, 8–10
International Virtual Medical School (IVIMEDS), 6, 7, 46–48, 49, 50
Internet Point of Care (PoC), 190, 191–195
Israeli and Arab professionals, cooperation between, 68–74

Joint Commission on Accreditation of Healthcare Organizations (JCAHO), 137, 172, 173
Journals, top-rated, 278, 284, 285

Lectures, 136, 144
Liaison Committee on Medical Education (LCME), 53, 54, 137, 142, 157–161
Library, CME, 278–287
Lifelong learning, 125–126, 137, 145, 151, 154–155, 160, 211–218

Maintenance of Certification (MOC), 135, 146, 151–155, 169, 177, 204, 207, 208
Medical College Admission Test (MCAT), 54
Medical education in France, 289
Medical education in U.S., 210
Medical education reform in Central Asia, 52–64
Medical oaths, 211–218
Medical passports, 5, 7, 30–33
Mentorship during OB/GYN residency, 268–277
Middle East Association for Managing Hearing Loss (MEHA), 70, 72, 73, 74

Needs assessment, 147
Nominal group technique (NGT), 221–226
Nomogram of Fagan, 233, 234, 237
North American Free Trade Agreement (NAFTA), 6, 7

Oaths, medical, 211–218
OB/GYN residents, mentors for, 268–277
Opinion leaders: activities performed by, 101–102; characteristics of, 98–99, 103; self-perceptions of, 101
Organizational characteristics and educational intervention, 116–123
Osteopathic continuing medical education, 199–201
Osteopathic physicians, 197–199
Overweight pediatric patients, management of, 248–256, 259–266

Pediatric overweight, assessment and management of, 248–256, 259–266
Performance Improvement (PI), 190, 191–195
Physician migration: background on, 8–9; in Canada, 9, 10, 12, 22–28; causes of, 16; donor countries, 10–11, 15–21; overview of, 4–7; problems, 12–13; special issues in, 12; surveys on, 11–12
Physicians: administrative burdens for, 170–171; competencies of, 168–169, 177; facts about, 210; in France, 289; lifelong learning for, 125–126, 137, 145, 154–155; Maintenance of Certification (MOC) program for, 135, 151–155, 169; osteopathic, 197–201; self-assessment by, 137, 147; three types of, 135; undergraduate medical education for, 157–161

Reflection, importance of, 77, 284
Rehabilitation education program for stroke (REPS), 105–115, 116–123
Research, clinical, 18
Residency, mentorship during, 268–277

Seat-time, 136
Self-directed learning, 154
Specialty board movement, 151–152
State medical boards, 183–188

Teleconferenced educational detailing (TED), 87–95
Telemedicine: barriers to using, 6, 35; capacity building and, 73; clinical education through, 39–40; CME and, 36–37, 38; defined, 5–6, 34; services, 35; skill-oriented instruction and, 40–41
Telephone consultations, interphysician, 98–103

Undergraduate medical education, 157–161, 210

World Federation for Medical Education (WFME), 53, 59
World Health Organization (WHO), 13, 21, 37, 53, 55
